

BRAND BOOK · V1.0

Regentify

The playful way to pass the Regents. This is our brand: how we look, how we sound, and how we make studying feel like a win.

Serious results, joyful journey.

Regentify turns the stress of New York's Regents exams into a game students actually want to play. We're warm, encouraging, and a little cheeky — but always trustworthy, because real grades are on the line.

MISSION

Help every NY student walk into the Regents confident, prepared, and maybe even smiling.

PERSONALITY

Encouraging coach × playful classmate. Bright, bouncy, and motivating — never childish, never preachy.

Focused

Motivating

Playful

Trustworthy

The mark

A rounded squircle app icon holding a graduation cap that doubles as an upward "level-up" arrow — growth, achievement, momentum. The wordmark splits Regent (the exam) and -ify (the playful spin) with a pop of XP yellow.

PRIMARY LOCKUP — LIGHT

REVERSE LOCKUP — DARK

APP ICON · SCALE TEST (READ CLEARLY DOWN TO A FAVICON)

Below ~24px, drop the arrow tail and keep only the cap silhouette.

✓ **Do**

- Keep clear space $\geq$ the height of the cap around the lockup.
- Use the gradient icon on light backgrounds, solid green on dark.
- Keep "-ify" in XP yellow whenever color is available.

✗ **Don't**

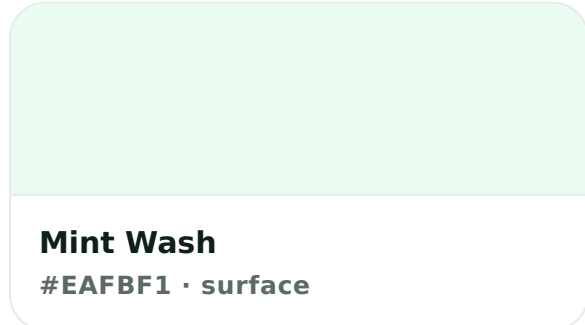

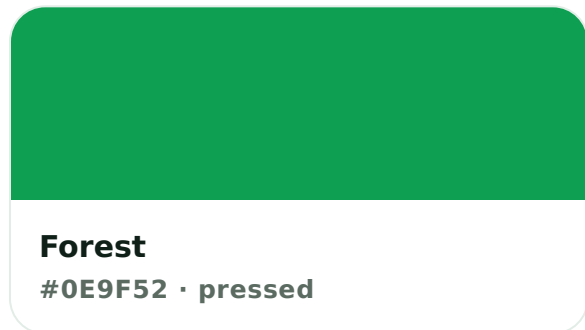

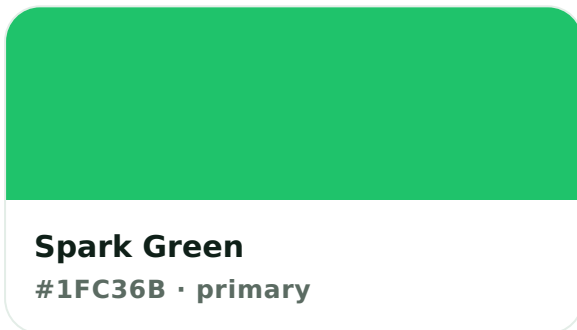

- Recolor the wordmark outside the brand palette.
- Stretch, rotate, or add drop shadows to the mark.
- Place the icon on a busy photo without a solid backing.

03 · COLOR

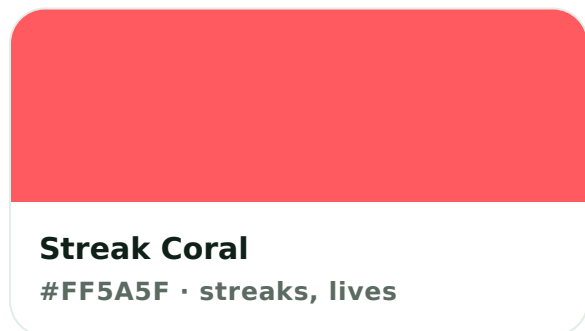

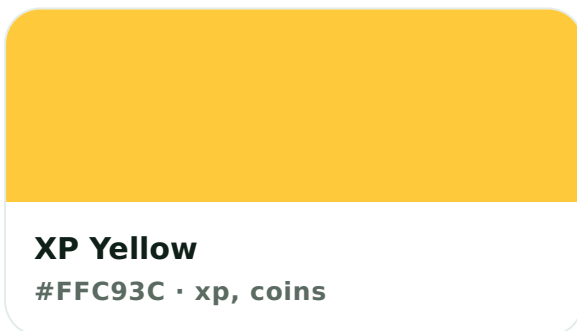

Green that means go.

Spark Green leads everything — buttons, progress, brand. A small cast of bright "gamification" accents flag XP, streaks, lives, and Pro. Use accents sparingly; green should always win the page.

CORE

GAMIFICATION ACCENTS

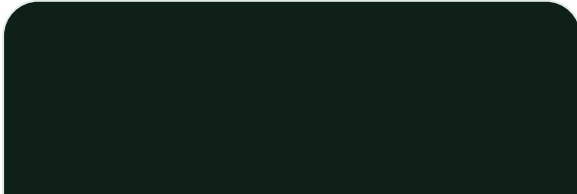

Pro Violet

#7C5CFC · premium

Sky Blue

#34B3F1 · info, links

NEUTRALS

Which expression is equivalent to the polynomial below?

CAPTION / 13

+15 XP · 4-day streak

Meet Reggie

A wise-but-goofy little owl in a graduation cap — Regentify's cheerleader, study buddy, and the face of every streak reminder. Reggie is encouraging, never nagging; proud of you, never disappointed.

✓ **Reggie is**

- Warm, hype, and a bit silly
- Always on the student's side
- Celebrating small wins loudly

× **Reggie isn't**

- Strict, scolding, or guilt-tripping
- A know-it-all professor
- Babyish or overly cutesy

**This is a reference sketch to define proportions, palette, and vibe.
Final art should be a polished vector character with expression
variants (happy, cheering, sleepy/streak-at-risk, celebrating).**

Talk like a hype-friend who happens to know the answer key.

Short, encouraging, second-person. Celebrate effort. Make mistakes feel safe. Keep academic accuracy non-negotiable.

✓ Say this

- "Nice — 4 in a row! Keep the streak alive. "
- "Close! Let's break this one down together."
- "You just unlocked Geometry. Let's go."

× Not this

- "Incorrect. Please review the material."
- "You have failed to maintain your streak."
- "Mastery of this competency is required."

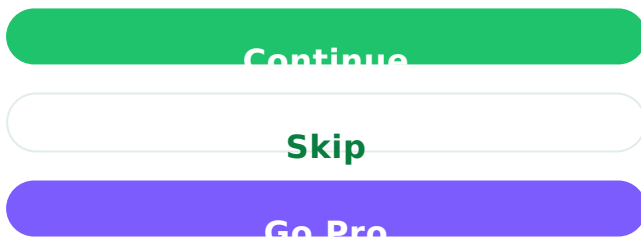

TONE DIALS

Playful but credible • Encouraging but honest • Casual but clear • Brief but warm.

Bouncy, chunky, tappable.

Big rounded shapes, a soft "pressable" bottom shadow on buttons, and generous spacing. Built for thumbs on a phone and quick wins.

BUTTONS

Radius 16px · Fredoka 600 · 5px offset bottom shadow for the tactile "pop".

GAMIFICATION CHIPS

Each metric owns one accent color, used consistently everywhere.

PROGRESS & CARDS

Algebra I

12 / 18 lessons · selected

U.S. History

New · start now

✓ Do

- **Use 14-24px corner radii everywhere**
- **One primary green action per screen**
- **Reward instantly — animate XP and streaks**

× Don't

- **Crowd screens with multiple accent colors**
- **Use sharp corners or thin hairline buttons**
- **Punish wrong answers with red-heavy screens**

Regentify Brand Book · v1.0 · Built for the playful path to passing the Regents.
